in accordance with

PTV 603 technical requirements and applicable Belgian standards of the NBN B12 series

By issuing this certificate, BE-CERT declares that, on the basis of a regular external control of the industrial self-control and by means of audit testing in an external laboratory, sufficient confidence can be given to the measures taken by the holder of the certificate to ensure compliance with the applicable technical specifications and the Belgian standards of the NBN B12 series.

The BENOR mark with the precise description of the characteristics of the cement is available by the producer.

On the basis of the award and maintenance of the certificate, BE-CERT grants the holder of the certificate the right to use the BENOR mark. Proof of delivery of a product under the BENOR mark is provided by an appropriate identification on the delivery documents and, if applicable, on the packaging. The use of the BENOR mark does not relieve the certificate holder of any responsibility for the delivered product.

The certificate is valid until 30/09/2019. The validity of this certificate can be verified on the website www.be-cert.be.

Delivered in Brussels on 27/03/2019.
